Stroll through city streets deciding where we'll meet
I have all night long, I have all night long

I have all night long, I have all night long

Down to Mission Street deciding how to meet
I have all night long, I'll wait on my own
Down to Mission Street deciding where to meet
I have all night long, I'll wait on my own

Down to Mission Street deciding how we'll meet
I'll have all night long, I'll wait on my own
Down to Mission Street deciding where we'll meet
I have all night long, I have all night night

Look both ways before you cross or leave the street
I have all long, I will all night long
Look both ways before you cross or leave the street
I have all long, I will all night long
