

Filter, It Can Never Be The Same

You can never be the same to me
And you should never hide your shame from me
Cause you yeah you
Will always be the blame for me
That's a perfect creepy game for me

Can never be the same
I don't know why
Can never be the same
I don't know why

The truth
Can break, bruise and lose in you
This flu
Is the thing that makes and breaks what's you
You yeah you
Will always be the same to me
You yeah you
Will always be the same to me

Can never be the same
I don't know why
Can never be the same
I don't know why
