

# Filthy Relics, Ciste

It took so long  
But now i see  
The pain thats growing  
Inside of me  
You were there  
But now your gone  
I think it was you  
All along  
The pain it hurts  
You cannot tell  
It is burning  
And feels like hell  
I dont know  
Why it was so good  
The way you worked  
I never understood  
I wish I was done  
With my life  
I wish I was done  
with my life...
