

Final War, Aryan Pride

Brothers and sisters, join together as one.
Fists uplifted, faces towards the sun.
Pride in our expression, from fear we will not hide
Hail one, hail all, hail Aryan Pride!

Many people hate us for only being proud
Well I'd like to ask them, who's the racist now?
We're not mindless morons like you see on your TV
Newsflash for ratings, its a fact of history.

Minorites cry white man, yeah white man full of hate
White man gets the blame 'cos of the colour of his face
Its strangest how the white man is often classed by race.
Its funny how society cant see that thats the case.

Many people hate us for only being proud
Well I'd like to ask them, who's the racist now?
We're not mindless morons like you see on your TV
Newsflash for ratings, its a fact of history.

Our honour won't be broken, we'll hold our heads up high
We will keep on fighting so the white race doesn't die
Our message will be spread. our voices loud and clear
Inform the youth of the truth, the Jews greatest fear.

Many people hate us for only being proud
Well I'd like to ask them, who's the racist now?
We're not mindless morons like you see on your TV
Newsflash for ratings, its a fact of history.
