## Finch, Letter To You

Can't you see that i wanna be there with open arms It's empty tonight and i'm all alone Get me through this one

Do you notice i'm gone? Where do you run to so far away?

I want you to know that I miss you I miss you so I want you to know that I miss you I miss you so

I'm writing again these letters to you aren't much, I know But i'm not sleeping and you're not here The thought stops my heart

Do you notice i'm gone? Where do you run to so far away?

I want you to know that I miss you I miss you so (x4)

No more looking i've found home

I want you to know that I miss you I miss you so (x4)

I'm gone away I'm gone away
