

Finch, New Kid

I'm on my way back home
I've lost my way
I've gone astray
and now I'm on way back down that road
and They will let me in from the cold

'Cause i'm the new kid like everybody
'Cause everybody lives again
I'm in my new skin safe in knowing
That one day we will meet again

I'm sheltered here in my wings
And I will not forget you're everything
Cause in your heart is where I live
And that's alright
You are alive

'Cause i'm the new kid like everybody
'Cause everybody lives again
I'm in my new skin safe in knowing
That one day we will meet again

Said i'm alright
And now said i'm alright

'Cause i'm the new kid like everybody
'Cause everybody lives again
I'm in my new skin safe in knowing
That one day we will meet again
