

# Finger Eleven, Danananana

No one hates you, more than you do.  
You can't stand, what you are.  
There's nothing I can ever say  
That'll change you, that'll change you, that'll change you

It's all you are,  
It's all you'll ever be.  
If you don't,  
Let it go, let it go, let it go.

Turn on yourself.  
Turn on yourself.  
Turn on yourself.  
Turn on, until you find, what you find.

It burns so bad inside of you.  
It's easy for you, to look away.  
You'll find a way, to stay away.  
Hide in it, hide in it, hide in it.

But everything turns into lies.  
Looking into your untrusting eyes.

Turn on yourself.  
Turn on yourself.  
Turn on yourself.  
Turn on, until you find, what you find.

You'll learn to smile in blood and pain.  
You'll learn to hate yourself again  
Believe your lies, it's easier.  
Believe in your lies, it's easier

Alone, away, from everything.  
You get off on the bitterness you bring,  
And with it, fear is there to hold you close.  
Closer, closer, closer.

Give yourself more than this,  
You can't live without love.  
Let your soul breathe again,  
Free yourself.

Turn on yourself.  
Turn on yourself.  
Turn on yourself.  
Turn on, until you find, what you find
