

# Finger Eleven, Suffocate

Talk to me  
Can you listen to me now  
Do you understand  
Can you identify?  
But it's as if you seem to make a small effort  
But you bend you're bending my mind  
And you try, and you try, I can see inside and suffocate  
And smother me  
Covered so I can't breathe

~Chorus~

When we collapse our weakened hands fall together at once abandoned  
They'll force you down and strap you in doubt now we agree and understand

Speak slowly  
You gotta get it all out now  
What are you saying?  
Just remember we will always be here  
Just in case you have been waiting  
Waiting to show us something or give us some sign  
As if you're gonna suffocate or smother me  
Covered so you can't breathe

~Chorus~

Gently lure your submission  
All the while suspicion grows  
So be sick of listening  
To senile old and staggering naive youth  
Pick us up when we fall down

~Chorus~(2x)
