Fink, Hard Believer

I can see the light coming I can see the light coming Over the hill, over hill

Hard Believer Hard Believer Won't you believe? Won't you believe me now?

We were made for each other Won't you believe in me now? We were made for each other Won't you believe me now?

I can hear the sirens I can hear the sirens Golden like the sun Golden like the sun

Hard Believer Hard Believer Hard Believer Won't you believe me now?
