

Finley Quaye, Pearls Of Wisdom

Some people are working hard
Working hard on their style
On the back streets of the front line
You see signs of the crimes
Absence make the hard grow fonder
How could patience ever hurt you?
Don't check my status
Just give me the standard thing
Pearls of wisdom
Encompassing pearls of wisdom
Embrace those pearls of wisdom
Good people flow as only Jah would know

Don't want to see you fall
I just want to see you set yes
Don't want to see you fall
I just want to see you set yes

I guess it's true
What they say about you
Yes it's true, true, true
What they say about you well

Poor people inspiration
Have you seen what's really going on?
With a little leverage
This time I got more coverage
Absence make the hard grow fonder
How could patience ever hurt you? Because it's virtue..
Don't check my status
Just give me the standard thing
Pearls of wisdom
Encompassing pearls of wisdom
Embrace those pearls of wisdom
Good people flow as only Jah would know

Don't want to see you fall
I just want to see you set yes
Don't want to see you fall
I just want to see you set yes
