

Finley Quaye, Waiting For You

Waiting for you

I'm searching for you,
But you're not here today.
I'm looking for you but you're not near.
Is distance, time?
I'm waiting for you.

I'm waiting and I, I'm looking
You're something else and you're good looking

I made a minor mistake,
I had it all on a plate,
You can always time distance,
Never tempt fate.
If it is late,
I felt my heart was at stake.
You could never share love....
Not in that state.

I'm waiting
I'm looking
I'm waiting
I'm looking

I'm searching for you,

I'm looking for you but you're not near.
Is distance, time?
I'm waiting for you.
I'm waiting and I, I'm looking
You're something else and you're good looking

I'm waiting and I, I'm looking
You're something girl and you're good looking
