

Finley Quaye, White Paper

You've got to have your fantasy
Live and let live don't be negative
Don't you take my, my liberty
Boys and their toys
Bring the noise
Don't you hide my, my history
Satan's side
Wild side
Don't you shake my reality
You've got to have your fantasy
Live and let live don't be negative
Don't you take my, my liberty
Boys and their toys
Bring the noise
Don't you hide my, my history
Satan's side
Wild side
You can't break our unity
