

# Finley Quaye, White Paper

You've got to have your fantasy  
Live and let live don't be negative  
Don't you take my, my liberty  
Boys and their toys  
Bring the noise  
Don't you hide my, my history  
Satan's side  
Wild side  
Don't you shake my reality  
You've got to have your fantasy  
Live and let live don't be negative  
Don't you take my, my liberty  
Boys and their toys  
Bring the noise  
Don't you hide my, my history  
Satan's side  
Wild side  
You can't break our unity
