

# Finn Brothers, Niwhai

Niwhai she's so fly  
Making it happen  
Niwhai be my witness  
Five satellites in just one night

Niwhai pacific sister  
Her fathers son  
She was something precious  
And we all love what she's become

Strange attractor  
Something wicked  
Paint her golden buddha  
You're a blinding flash across the sky

Niwhai sequinned slipper  
Fly by radiating light  
Grant her secret wishes  
Five satellites in just one night

Niwhai she's so fly  
Making it happen  
Grant her secret wishes  
Five satellites in just one night
