Finn, Electricity

Two steps, run riot
Just gab, no mind
Reverse your cry
Scalp love, my mind

But you save me
But you save me
Please save me from spooks

Two steps, psychosis
Space-age worries
Math rocks, I edit
Squeeze out my habit

But you save me
But you save me
Please save me from spooks

I can't watch sleep, sleep
Right now I'm restless
The costly aid, the spooks alias fashion
I can't watch sleep, sleep
Right now I'm restless
The costly aid, the spooks alias fashion
Hoo!

Two steps, run riot
Just gab, no mind
