

# Fiore, Ameliorate Accoustic

In all the time that you have taught,  
I've learned how to not let it stop.  
My sun will rise, your sun will set.  
I will try my hardest not to forget  
that when you come back, it's back to work for me.  
You offered me a discount but i wanted it for free.  
Ooooooh  
I dont care what happens, as long as it benefits me.  
You'll see, now I disagree.  
I dont care what happens, as long as it benefits me.  
You'll see, now I disagree.  
"I'll never get what is coming to me."  
Oh, I think you'll get just what you deserve.  
Dont shut your eyes to the whole outside world.  
You'll find it a lot easier if you just work.  
Ooooooh  
I dont care what happens, as long as it benefits me.  
You'll see, now I disagree.  
I dont care what happens, as long as it benefits me.  
You'll see, now I disagree.  
From nine to five, forty hours wont suffice.  
But I'll try to come in early, stay real late.  
Cause I need the pay.  
I'll try.
