

Fiore, Ameliorate Accoustic

In all the time that you have taught,
I've learned how to not let it stop.
My sun will rise, your sun will set.
I will try my hardest not to forget
that when you come back, it's back to work for me.
You offered me a discount but i wanted it for free.
Ooooooh
I dont care what happens, as long as it benefits me.
You'll see, now I disagree.
I dont care what happens, as long as it benefits me.
You'll see, now I disagree.
"I'll never get what is coming to me."
Oh, I think you'll get just what you deserve.
Dont shut your eyes to the whole outside world.
You'll find it a lot easier if you just work.
Ooooooh
I dont care what happens, as long as it benefits me.
You'll see, now I disagree.
I dont care what happens, as long as it benefits me.
You'll see, now I disagree.
From nine to five, forty hours wont suffice.
But I'll try to come in early, stay real late.
Cause I need the pay.
I'll try.
