

Fiore, The Performance

(a new life)

will it end if what you look at in the mirror doesn't reflect what you want to forget?

(is it over or has it just begun?)

i had a feeling, you had the same, you're hired, holding hearts under a different name.

(you're insane but you're not the only one)

you don't understand, instead you demand a new life

running faster doesn't take your breath

all you fakes and cowards can't believe in that

(running so fast) why can't you just admit that you were right?

running so fast

1. you will never learn

2. in a world where you haven't yet lost anything, you insist that you have it all, even if it means stealing

3. "if they have, i need it." well, you don't need to repeat it to me.

running faster doesn't take your breath

all you fakes and cowards can't believe in that

(running so fast) why can't you just admit that you were right?

running so fast

you will never learn

(my life, my love. new life, new love)
