

# Fire Engine Red, Keep The Temple Pure

Keep the temple pure  
live life for the Lord  
I wanna live a sanctified life  
gonna keep the temple pure  
keep the temple pure  
your food should be Gods word  
the road to life is a narrow path  
keep the temple pure  
Jesus died to save us from our sins  
the eye is the lamp of the body  
to let the evil in  
keep the temple pure  
the righteousness will endure  
I never wanna quench the Holy Spirit  
gonna keep the temple pure  
Jesus sent us a Comforter  
cause God doesn't live in a dead old church  
we are the Body of the Lord  
keep the temple pure (X4)  
Christ said keep the temple pure  
go and sin no more  
I'm not gonna drink and I'm not gonna smoke  
I'm gonna keep the temple pure  
men can't serve both God and sin  
love the one and hate the other  
so don't give in  
keep the temple pure  
brothers I urge you more and more  
lead a quiet life and work with your hands  
be a witness to the world  
the media traps us with worldly things  
but if you love the world and the things of the world  
then you have no place in heaven  
Keep the temple pure  
live life for the Lord  
I wanna live a sanctified life  
gonna keep the temple pure  
keep the temple pure (X4)
