Pour out the bottle I want a leveller
When I'm with you I never enough
Slow whine I'm not in a rush
I can hear music when you're here
Tonight we rolling, party til closing
Since I put the ring on her finger it's still frozen
Love in slow motion,
I wanna feel you over me yeah
Something magic in your eyes (yeah)
Girl I love the way you ride it
And it happens every time you arrive, that rights
Girl I want you in my life (yeah)
If there's a heaven then it's right here
I will never leave your side, stay tonight
When ya wanna see me, when you wanna see me
I'm in West London this evening
Giving me feelings, no I'm not leaving
Until I fly LA next weekend
Peru, nah, girl I'd rather go find somewhere quiet
You'll glow, and I'll get lost here in your eyes

Omoge no be so
Girl you just capture my soul
Omoge no be so
Make me wanna just take you home
