

Fireflight, Action

So many hurting people,
Without a leg to stand on
They're reaching out every day
We all like to stare
And we pretend we care
How can we keep on doing nothing?

PreChrs
Can anybody hear me?
Can anybody see me?
Does anyone really understand?

Chorus
We're looking for some action!
We need something to happen!
No more wasted nights and days!
We're looking for some action!

Hey can you hear them crying,
Will you refuse to listen?
Maybe you have no time
Why would you rather stay
Where it's warm and safe,
When you've got everything to offer?

Bridge
Can anybody hear me?
Can anybody see me?
Does anyone really understand?
