

# Fireflight, The Love We Had Before

I burnt the bridge that you were building  
But I left here feeling guilty  
That we couldn't see eye to eye  
Why can't we compromise?  
Why are we choosing sides?  
When will we realize?

We don't have to fight anymore  
Where is the love we had before?  
Wouldn't the world be better off if we decide?  
We don't need our pride anymore  
Where is the love we had before?  
Where is the love...  
Where is the love...  
Where is the love...  
The love we had before

You used to be the one I'd run to  
But now I tend to run you  
Right into the ground  
Sorry I was such a fool  
Never saw your point of view  
Can we start over somehow?

You know we only hurt ourselves  
When we don't communicate  
Why can't we stop and make a change?  
Where is the love? Where is the love?
