

Fireforce, Aeons

Aeons I walk the earth
Looking for her, who makes me whole again
Lived my life a thousand times
Only a few I remember, where and when

Take my soul - make it whole
Like many times before
Take my hand - walk the land
We're heading for the storm

Forever
I return for you
Forever
I will walk the earth for you

Everything's a cycle
Mortal life ends, it's not too late!
Ages pass and in despair
Somewhere far in time, when you're there!

Forever
I return for you
Forever
I will walk the earth for you
