

# Fireforce, Aeons

Aeons I walk the earth  
Looking for her, who makes me whole again  
Lived my life a thousand times  
Only a few I remember, where and when

Take my soul - make it whole  
Like many times before  
Take my hand - walk the land  
We're heading for the storm

Forever  
I return for you  
Forever  
I will walk the earth for you

Everything's a cycle  
Mortal life ends, it's not too late!  
Ages pass and in despair  
Somewhere far in time, when you're there!

Forever  
I return for you  
Forever  
I will walk the earth for you
