

Fireforce, Anubis - Lord of the Dead

This night I'm dying
This night I'm entering hell
Egypt my land
I'm never gonna walk the sand again

How does it feel - To walk the road?
Just like a wheel - I'm rolling abroad

Anubis - The Lord of the dead
Anubis - A jackal's your head

Osiris! I'm coming your way!
My soul is weighed - Horus' time to play
What does it matter?
All my friends are there
My life is shattered
The dark is everywhere

Anubis - Lord of the dead
Anubis - A jackal's your head

Now it is time - To cross the line
I see the falcon - the ibis - a jackal - I'm there
At least I'm here - I'm seeing everything
Anubis take care
Osiris you're my king now

Anubis - Lord of the dead
Anubis - A jackal's your head
Anubis - Why must I die
Anubis - I'm going to fly
