

# Fireforce, Born To Play Metal

Bangin' and screaming  
You know the meaning,  
Metal is in our minds  
Here on the stage  
Playing with rage,  
Only the true survive

Waves of power  
Steel every hour, if you don't like it  
What the hell !  
A real Metal man  
You know that I am,  
Are you ready to - Wreck your neck ?

Born to play Metal!  
Born to play Metal!

Fighting for years  
Too much tears,  
Believing in what we do  
Metal 'till death  
That's what you'll get,  
All our dreams will come true

Thanks to you all  
We'll rise and won't fall,  
This a true Metal story  
Raise your beers,  
Hail and cheers,  
We drink to your Metal glory

Born to play Metal!  
Born to play Metal!

Hear us cry !  
Come on our Metal ride !  
Our destiny  
Standing by your side!

Bangin' and screaming  
You know the meaning,  
Metal is in our minds  
Here on the stage  
Playing with rage,  
Only the true survive

Thundering sounds  
Pounding the grounds,  
Flashes of light in your brain  
Hard as a rock  
We'll never stop, let's go insane

Born to play Metal !  
Born to play Metal !

Metal !  
Born to play...  
I am...  
Are you... ?  
Metal !
