

# Fireforce, Moonlight Lady

Dark moon is rising high  
Time has come to bid the past goodbye  
Face a new born year  
Nature survives without fears

Worship the sun and the midnight sky  
The moon is full and you feel alive  
Lonely lady of the night  
Look deep in your mind

Witching hour is near  
Why do people live in fear ?

Moonlight Lady - Magical skills  
Moonlight Lady - Wishes fulfilled

Hare moon of April waxes full  
Time to dance the round  
In your heart you feel the love  
Nature's power all around

Witching hour is near  
Why do people live in fear ?

Under the silver moon... You dance the rites  
Seek harmony... Balance the light  
Cast the circle... Blood moon arrives  
Ask understanding... For what lives and who dies...
