

Fireforce, Thunder Will Roll

Together we will strike tonight
Storming your gate
No one will survive
No way out it's too late
We are the lions
With hearts of steel
We are the fighters
Who make you kneel

We fight for our pride
No use to hide

Thunder will roll tonight
Yeah - We are the gods of war
Thunder will roll tonight
Yes - We will forever fight!
Thunder will roll tonight
Yeah - We are gods of war
Thunder will roll tonight
We are warriors, warriors
With the devil deep inside!

Boar formation will strike the heart
Prepare behind your shields
The battle will start

We fight for our pride
No use to hide

Thunder will roll tonight
Yeah - We are the gods of war
Thunder will roll tonight
Yes - We will forever fight!
Thunder will roll tonight
Yeah - We are gods of war
Thunder will roll tonight
We are warriors, warriors
Thunder will roll tonight
Yeah - We are gods of war
Thunder will roll tonight
We are warriors, warriors
With the devil deep inside!
Thunder will roll tonight
