

# Firefox AK, Color the Trees

Color the trees,  
Color the ocean  
Speak your mind  
It's time for a new devotion

Color the trees,  
Color the ocean  
Speak your mind  
It's time for a new devotion  
Aaaaa, a new devotion  
Aaaaa,

We once were the loved ones  
We once were the last ones  
Dancing in the night  
To keep the pain away /2x

Follow the sound  
Follow the beat  
Move your feet  
It's time for a new devotion

Color the trees,  
Color the ocean  
Speak your mind  
It's time for a new devotion  
Aaaaa, a new devotion  
Aaaaa,

We once were the loved ones  
We once were the last ones  
Dancing in the night  
To keep the pain away /4x

You should never ever walk alone  
Keep the hole close inside  
Coz there is more where this came from  
This is the last goodbye
