

Firehouse, What You Can Do

What You Can Do by Firehouse

Look at you life it's like a wheel that's turning
Spin past and future and today
It's up to you to decide where you'll be going
It's in the choices that you make
There's no time for waiting
It might be too late don't you know
There's no hesitating
It's got to be right now or never
It's all up to you if you want something better
Then let them see the real you
Show them what you can do
You feel the weight of the world on your shoulders
You've got the power to be free
Just start believing and you will get stronger
It's time to find your destiny
There's no time for waiting
Well you can't look back don't you know
There's no hesitating
It's got to be right now or never
It's all up to you
You are so much better
Just let them see the real you
Show them what you can do
There's no time for waiting
It might be too late don't you know
There's no hesitating
It's got to be right now or never
It's all up to you if you want something better
Then let them see the real you
Show them what you can do
