

# Firesign Theatre, What Makes America Great?

-----  
It's candied apples and ponies with dapples  
you can ride all day!  
It's girls with pimples  
And cripples with dimples  
that just wont go away !  
Its spics and wops and niggers and kikes  
with noses as long as your arm!  
Its micks and chinks and gooks and geeks  
and honkies  
(Honk! Honk!)  
who never left the farm !
