

# Firewind, Land Of Eternity

Father, you helped us to build it right  
Intruder, you destroyed the land's pride  
Hunger, can't you see it in our eyes  
Disaster, all over

(Ahhh-ahhhh)  
(Ahhh-ahhhh)

Brother, let's get through bad times  
Someday, we're gonna see a light above  
Anger, it's a passion in our eyes  
Unsecured, all over

(Ahhh-ahhhh)  
(Ahhh-ahhhh)

The land of eternity  
Is beneath the sky  
The land of eternity  
You will never die  
The land of eternity  
Now begins to cry  
A disgrace on you  
Our wounded hearts  
Will never, ever heal

Mother, please tell us what to do  
An angel, guiding us to the root  
Sister, we've gotta share our love and  
Now pray for the children, our future

(Ahhh-ahhhh)  
(Ahhh-ahhhh)

The land of eternity  
Is beneath the sky  
The land of eternity  
You will never die  
The land of eternity  
Now begins to cry  
A disgrace on you  
Our wounded hearts  
Will never, ever heal

We did follow the rules  
We were not blind  
They ranked us, third world  
These coins aren't forever  
And hearts without mankind  
The wars will never end

-Solo-

The land of eternity  
Is beneath the sky  
The land of eternity  
You will never die  
The land of eternity  
Now begins to cry  
A disgrace on you  
Our wounded hearts  
Will never, ever heal
