## First Aid Kit, Walk Unafraid

As the sun comes up, as the moon goes down These heavy notions creep around It makes me think, long ago I was brought into this life a little lamb A little lamb Courageous, stumbling Fearless was my middle name. But somewhere there I lost my way Everyone walks the same Expecting me to step The narrow path they've laid They claim to Walk unafraid I'll be clumsy instead Hold my love or leave me high.

Say "keep within the boundaries if you want to play."
Say "contradiction only makes it harder."
How can I be
What I want To be?
When all I want to do is strip away
These stilled constraints
And crush this charade
Shred this sad masquerade
I don't need no persuading
I'll trip, fall, pick myself up and
Walk unafraid
I'll be clumsy instead
Hold my love or leave me high.

If I have a bag of rocks to carry as I go I just want to hold my head up high I don't care what I have to step over I'm prepared to look you in the eye Look me in the eye And if you see familiarity
Then celebrate the contradiction
Help me when I fall to
Walk unafraid
I'll be clumsy instead
Hold my love or leave me high.
Walk unafraid
I'll be clumsy instead
Hold my love or leave me high.
