

# First Blood, Foundation

I won't let them get the best of me  
This is the path I've made for me  
You were my shield from the enemy  
Always right there by my side  
You were there for me  
You were everything  
When I felt like nothing, you still believed in me... you were there for me  
Forever in debt of gratitude  
Unconditional love and support  
You paved the way  
You gave me strength  
Forget the past  
Look back at me and I'll be there  
Through years of discipline to never settle for second best  
The great provider... the years of sacrifice... you were there for me  
I've got to find a way to thank my family for everything they've done for me, the sacrifice they made  
You gave me strength  
Without you my life would not be the same
