

# First Degree, Don't Know Me

Everything passes and changes  
Sometimes the thoughts they ain't timeless  
Wondering about myself  
Can not make decisions

Confusion that's what I feel now  
Way to go on, don't know how  
What have I done  
Labyrinth of thoughts

I don't know me

Getting angry though I wanna be nice  
I'm so sorry when I see your big eyes  
What have I done  
Didn't want to hurt you

Crazy feeling gets me out of control  
My brain feels like an empty hole  
What's going on  
Can not get out of this circle

Often life becomes a strange game  
Can not remind what's its name  
What's happening now  
Nothing to win or loose
