

# First Love, I Just Can't Get Enough

Spoken: Hey girl... I love you

I just can't get enough  
I just can't get enough

Baby I need you  
I need you more than words can say  
And I wish that it never ends  
When we're together  
Time is runnin' away  
Like the clouds in the wind  
Sometimes I wake up  
In the middle of the night  
And think it's just another dream  
And then I see you  
And everythings alright  
Baby come on closer to me

I just can't get enough  
I just can't get enough  
Of your love and your touch  
Oh I love you so much  
I just can't get enough  
I just can't get enough  
Of your kiss and your smile  
Like the stars in the sky

Honey I love you  
I love you for the rest of my life  
With every single beat of my heart  
Almost all my life  
I've been waitin' for you  
And I know that I found you now  
Sometimes I wake up  
In the middle of the night  
And think it's just another dream  
Oh and then I see you  
And everything's alright  
Baby come on closer to me

(2x) I just can't get enough  
I just can't get enough  
Of your love and your touch  
Oh I love you so much  
I just can't get enough  
I just can't get enough  
Of your kiss and your smile  
Like the stars in the sky

Spoken: Hey girl  
I just wanted to let you know  
That I need your lovin' touch  
... I love you

I just can't get enough  
I just can't get enough

(2x) I just can't get enough  
I just can't get enough  
Of your love and your touch  
Oh I love you so much  
I just can't get enough  
I just can't get enough  
Of your kiss and your smile

Like the stars in the sky
