

# Fischerspooner, Natural Disaster

(feat. Cindy Greene & Lizzy Yoder)

Oh, oh, oh...

All alone...

'gone out

So many nights

Nobody's there

Lost and wasted

Why am I alone?

Who made me this way?

(Natural Disaster)

All alone, alone

Why am I alone?

I feel so alone

Natural disaster (disaster)

Natural disaster (disaster)

Oh, this night mistrust (heartless rust)

Who made me this way?

Blinding, spinning, shining, bright and burning, ruined, dead, hurting

Blinding, spinning, shining, bright and burning, ruined, dead, hurting

Light is blinding, spinning and shining, bright and burning, ruined and hurting, colours are flashing,

(All alone, all alone, all alone)
