

# Fish, Say It With Pride

The lion shall roar  
We'll walk through that door  
Do it all  
We say it with pride  
The lion shall roar in the sun  
Light up my eyes  
A feeling that can't be denied  
A nation so small  
We're gonna walk tall in the sun  
We'll answer the call  
Our hearts shall be beating as one  
So we say it with pride  
The lion shall roar in the sun  
Say it with pride  
Our hearts shall be beating as one  
We say it with pride  
Emotion is filling my eyes  
Say it with pride  
A feeling that can't be denied  
Hearts beat as one as the heat of the sun fills our eyes now  
Weeks turn to days  
As the moments keep slipping away  
Say it with pride  
We have faith on our side  
Let us rise now

The world's at our feet  
And the glory's a heart beat away  
We say it with pride  
The lion shall roar in the sun  
Light up my eyes  
A feeling that can't be denied  
A nation so small  
We're gonna walk tall in the sun  
We'll answer the call  
Our hearts shall be beating as one  
So we say it with pride  
The lion shall roar in the sun  
Say it with pride  
Our hearts shall be beating as one  
We say it with pride  
Emotion is filling my eyes  
Say it with pride  
A feeling that can't be denied  
The lion shall roar  
We'll walk through that door  
Do it all
