

Fish, Shadowplay

(Dick/Simmonds)

Hunched foetal in the corner of my soul

My fingernails are bleeding

From climbing up the wall

This time you really hurt me right down to the core

And I'm desperately trying to find a reason

To forgive you for it all

I saw your life as a shadowplay

In a trance I was held by the shadowplay

In the spell of the shadowplay

From Celtic illumination

I see the Celtic illumination

The Celtic

I never realized just how far we'd gone

I turned around and all that I saw was distance

Through an anger that burned everytime

That someone mentioned your name.

I should have noticed, should have read the signs

We could have talked it out if there was a problem

It wasn't obvious then

But then it isn't really obvious now

I saw your life as a shadowplay

In a trance I was held by the shadowplay

In the spell of the shadowplay

From Celtic illumination

I see the Celtic illumination

The Celtic

I could have changed I could have settled down

I could have been whatever you wanted me to be

If you gave me the chance

But it seems that it's too late for that now

I thought I knew you thought we had it made

I'd thought it out, thought I had the answers

After all is said and done

The only thing I really know is your name.

I sit and wait for the shadowplay

Let me in into the world of the shadowplay

I'll follow you to the shadowplay

Through Celtic illumination

Give me the Celtic illumination

Illumination.
