

Fishbone, Deep Inside

Rich Ass
High Klass

Don't bother me and I won't realize your crime

Two faced
You're out of place

You can't rock out because you ain't the kind

Well if you were on the other side of the fence
well maybe you'd understand
I may freak you out with my raw look
'Cause I just got the feelin' Man !

Brain Washed
You're Lost

Your blindness can't be helped anyway

Your Cash
My Clash

It makes me able to say
It makes me able to say

You got the prestige status
You've got the majority mass
Plus you've got a blender by General Motors
And a Tonka Toy dump truck up your ass

You'll never look the way I feel
You'll never feel the look in my eyes
Cause I've got the feelin' swimming in my bones
And it's takin over Deep Inside

It's takin' over Deep Inside (repeat)
