

# Fishbone, It's A Wonderful Life

(GONNA HAVE A GOOD TIME)

The ice was freezin'  
My brother almost drowned  
I jumped in to save him  
On his way, way down  
Then it went black and I went in

Oh, what a wonderful life  
The angels told me he'd get his wish  
All my life was a twisted thing

We gonna have a good life  
We gonna have a good life  
We gonna have a good life  
We gonna have a good life

You better keep on pushin'  
No matter how broke you are  
'Cause I'm broke down and I'm bankrupt  
And you're ready to end it all  
We gonna have a good time  
Rockin' now to this beat

Just keep rockin' to scoop the pain  
Oh, my God, here comes the pain

Angel made me numb  
The angel made me void  
Got thrown out of the bar  
Then I wrecked my car  
Got socked in the jaw  
Cussed out by my mama  
Someone stole my money  
Screamed at by my honey  
Things was gettin' worse  
Things was gettin' worse  
Things was gettin' worse  
Things was gettin' worse

We gonna have a good life  
We gonna have a good life  
We gonna have a good life  
We gonna have a good life

Come on y'all, let's boogie some more  
My brains just hit the floor

We gonna have a good life  
We gonna have a good life  
We gonna have a good life  
We gonna have a good life

It's a wonderful life  
It's a great life  
It's a wonderful life  
It's a great life  
It's so wonderful  
It's fabulous  
Oh, what a life !  
Oh, what a life !  
Lord, Lord, what a life  
What a life, man, It's a great, great life

Oh, I can't stand it, I can't stand this life  
Take me away, take me, take me  
Take me now, take me home  
It's a wonderful life, I'm going home  
Send me, to my great, great, great, GREAT life  
My wonderful, wonderful life
