

# Fishbone, "Simon Says" The Kingpin

Those lights could be shinin' bright for us and the rest of the boys  
We'll own the root of all evil if we don't make any noise

If you're good like all the rest  
Kingpin shows you all the best

SIMON SAYS THE KINGPIN  
SIMON SAYS THE KINGPIN  
YIPPIDY YIPPIDY  
SIMON SAYS THE KINGPIN

Keep your eyes your mind shut and your mouth open wide  
You'll be singing the blues because of them  
While the anger builds up inside  
Shinin' your shoes so I can be on top  
But I just wanna flip you off  
Cuz if you let me show expression  
You'll be makin' a confession

FOINDIDIHOINDIDIFOINDIDIHOINDIDIHOINDIDI

You can reap the riches and be on your rockin' way  
But if you wanna show what's in your heart  
The big shot will put you in your grave  
But if you wanna be good like all the rest  
Kingpin shows you all the best

(Repeat chorus)
