

# Fisher, Mad Girl's Love Song

I close my eyes and all the world drops dead  
I lift my lids and all is born again  
The stars go waltzing out in blue and red  
as all my darkness gathers in

## CHORUS:

I close my eyes, the world drops dead  
I think I made you up inside my head  
Inside my head

God topples from the sky, hell's fires fade  
And exit Satan and his men  
I dreamed how you bewitched me into bed  
and how you kissed me quite insane

## CHORUS

I thought you'd return like you said  
But I grow old, forget your name  
I should have loved a bird instead  
At least in springtime they roar back again  
Roar back again

## CHORUS (x2)
