

# Fisher, Oblivious

All the years  
Alone  
The days that pass so slow  
As you wasted your time searching for perfection

All the needs  
All the ones  
All the dreams that came so close  
Did you wait for a sign to fly right through your window?  
While you missed the answer walking through your door

\*\*\*Chorus\*\*\*

Hey there oblivious!  
Here is your happiness  
If you would only turn around  
Isn't it obvious?  
Mr Oblivious  
Love can so easily be found  
Just turn around...

If I could be so bold  
May I make a suggestion?  
You've been searching so long  
But in the wrong direction  
I've been standing right behind you all this time

Repeat Chorus

...I am here

Repeat Chorus

Just turn around  
Turn around
