

Five, Closer To Me

Constantly girl you're on my mind
Girl, I think about you all of the time
And even though words are hard to say
Girl I miss you, never thought I'd feel this way

(Bridge)

If you keep on taking
My heart you'll be breaking
So why do you do this to me?
You know how I'm feeling
It's you I believe in
Baby can't you see that I need you?

(Chorus)

(You know that it's true)
Every time I see your face I miss you lady
(You know that it's you)
I wanna let you know you're driving me crazy
I'd do anything to help you to see
I don't think you understand what you're doing to me
(You know that it's true)
Every now and then I wanna call you lately
(You know that it's you)
I send a prayer that you'll come back to me lady
(Oh yeah)
Life ain't anything alone, can't you see?
You're an angel in my eyes
Everyday, you're closer to me

Nobody's there when I call your name

(Ahhh...)
And nights are cold girl without your flame
(Nights are cold girl without your flame)
But if I could girl I'd make you see
(I'd make you see, yeah)
That I'm sorry, that I need you here with me

(Bridge)

(Chorus)

Everyday reminisce about the past
Of a love that we thought would last
How we used to be when it was you and me
How did it all disappear so fast
There are days that I can't forget
There are things that I now regret
I was there for you when you were there for me
And I was thinkin' we were set
Every night when I'm laying in my bed
I hear your voice going round in my head
Think of all the things I could have done and
All those things I could have said
I really will make it up to you
I know now what I've got to do
It took time but now I've realised how much I'm missing you

(Bridge)

(Chorus X2)
