

# Five Finger Death Punch, Thanks For Asking

'Cause I'm alright, thanks for asking  
There's a million things I'd love to say but you don't wanna hear  
Yeah, it's alright, I don't need your blessings  
I'd rather face the wrath of angels than the devil in the mirror

I don't think God is listening  
She told us to follow, but left us behind  
I've never seen an angel  
But I know the devil, and he told me I'm fine

What doesn't kill you will only make you stronger  
That's what everyone keeps tellin' me  
I'd rather capsize than chase an old horizon  
Throw me back into the deadest of seas

Well, I know that God is laughing  
She gave us our wings, but never taught us to fly  
They say the end is coming  
And if that's true, well, I don't think I mind

I always knew it would come to this  
Heaven or Hell? I can't tell which is which  
I always knew it would come to this  
Heaven or Hell? I can't tell which is which  
Tell which is which

I don't think God is listening  
She told us to follow, but left us behind  
I've never seen an angel  
But I know the devil, and he told me I'm fine  
I know that God is laughing  
She gave us our wings, but never taught us to fly  
They say the end is coming  
And if that's true, well, I don't think I mind

Roll, roll, roll, keep on moving ahead  
Roll, roll, roll, guess I'll sleep when I'm dead
