

# Five, It's The Things You Do

(It's the things you do)

You touched my love line  
So deep inside I  
Never thought I'd feel so good  
Oh no  
No need to hide now  
Open up your mind now  
Let me make it understood  
Because

Bridge:

Cos nobody ever said to me  
All of the things we shared within  
Now that I know that you can see  
Let me feel you up

Chorus:

It's the things you do  
That have made me fall  
So in love with you  
You can have it all  
What else can I do  
Nothin' left to prove  
It's the things you do

(It's the things you do)

You make my neck twist like the cap for my coca cola bottle  
with yo body lookin slicker than the finest bottle  
tell me baby can you shimmy can you make me feel hot what you  
got gets me in da right spot  
One of the finest  
Things on my mind is  
How you make me feel like gold you're queen Midas  
Straight A plus the material I bust  
But the things that you do  
Keep me up and it's a must

Bridge

It's the things you do  
That have made me fall  
So in love with you  
You can have it all  
What else can I do (what else can I do)  
Nothin' left to prove (baby nothing left to prove)  
It's the things you do  
That have made me fall  
So in love with you  
You can have it all  
What else can I do  
Nothin' left to prove

(It's the things you do)

Give me a chance and let me in  
There's no need to hide what's there within  
Now that I know that you can see  
Let me feel you up  
You got that Midas touch  
I love you more than enough  
For all the things that you do  
It's the things you do

So in love with you  
You can have it all  
What else can I do  
Nothin' left to prove  
It's the things you do
