

# Five, Stop Pushing Me

Stop pushing me  
I never felt like this before  
It's just something in me  
I need to close another door  
Live my life to suit me  
I just can't hide the confusion that burns in my mind  
Oh, no

Sometimes the pressure gets so high  
Excuses come so easy  
Just like a man lies to his wife  
When honesty won't please her  
I guess you'll find that I'm not what you think you can see  
Not what you want me to be?

Chorus:  
Stop pushing me  
I gotta do it my way  
Stop pushing me  
Why don't you hear what I say?  
Stop pushing me  
Cos we all learn from mistakes  
Stop pushing me  
I'm gonna do it my way

It seemed to me like it won't end  
But it was never meant to  
Be more than just another trend  
A phase that I would go through  
You still don't see that I'm not your little baby no more  
No

So please don't force me down that road  
I'll choose where I'll be going  
You can't dictate another day  
Don't make me spend one more when  
I wanna fight for myself  
And be debted to nobody else  
No one but myself

(Chorus)

My way is the only way I trust  
My way whatever the cost  
Now don't get me wrong  
The respect hasn't gone  
But when can I have my say  
And do it my way?

(Repeat chorus until fade)
