

Five, That's What You Told Me

Hook:

That's what you told me baby (x3)
You drive me crazy
(x2)

I thought I was the one
When we were together
You would take me to
Another place and time
That I could feel free
You were all that I was searching for

Bridge:

That's just when I
I thought I could lean on your for life
I thought that the sun would always shine
But you took my dreams away
I remember the lies that you told me baby

Chorus:

1 - you told me you love me, you need me
2 - you told me you never deceive me
3 - you told me you'd always be true
4 - you told me we're through
That's what you told me

That's what you told me baby
That's what you told me

Tell me was it fun
Taking my love for granted
Now I'm not the one
Everything we used to share
Has up and gone
I don't need to tell you, you were wrong
