

# Fivio Foreign, Left Side (feat. Blueface)

She like mimosas and she like 42  
Fresh out of college, she just turned twenty-two  
I told her, "You need a nigga that's gon' elevate you"  
She said, "Fuck 12, but I love my niggas in blue"

Bandana on the left side  
I'm a killer but you safe with me  
Bandana on the left side  
I'm a sinner, you a vice for me  
Bandana on the left side, bandana on the left side  
Bandana on the left side  
I'm a killer but you safe with me

Bandana on the left side  
I'm a killer but you safe with me  
Bandana on the left side  
I'm a sinner, you a vice for me  
Bandana on the left side, bandana on the left side  
Bandana on the left side  
I'm a killer but you safe with me

I could teach you what to do, I could tell you how to be  
She want frozen margaritas every time we out to eat  
And every time I gotta go, she say she pulling up with me  
I let her come home once in a while  
Took her out of town and she in love with me now  
She got some bad habits 'cause she was fuckin' with clowns  
So she get that attitude, shit be coming out of her mouth  
I'ma play a little game, just don't step out of bounds

I'm a gangster, yeah  
You're fucking with a gangster, baby, just embrace it (Just embrace it)  
Yeah, look, you could be my gangster lady

She like mimosas and she like 42

Bandana on the left side, bandana on the left side  
Bandana on the left side  
I'm a killer but you safe with me

Bandana on my left side, we outside at bedtime  
Been in and out the lane, dodging demons and them red lights  
Baby, I'm a big dog, ain't fuckin' with no small fries  
Every time I hit a bad bitch, she tell me good lies  
Niggas tryna to wind me up, ain't checking with dead line  
I've been sturdy with a few .45 Glock 9's  
You know you safe with me, .223's go through tough guys  
Last nigga tried to play with me had a tough time  
Hit him in his face for the shade to let my sun shine

All I want to do is make the A's to see my sun child  
Niggas getting gunned down for trying to put their gun down  
I can make a bitch walk from here straight to Youngstown
